VOLUME III, NUMBER 25 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER MAY 6, 1929

BIG STRIKE OF JEWELRY ORE IS MADE IN RAISE AT BOUNDARY PROPERTY

One of the largest strikes of jewelry rock in the history of the local district was uncovered in an upraise from the 350 level the past week in the Grass Valley Boundary mine. One round of shots is said to have uncovered ore worth approximately $20,000. One large chunk of quartz with immense clusters of virgin gold and estimated $2000 in value was the cynosure of admiring eyes.

Three boxes of the specimens were loaded into a car and brought to The Nugget office for a brief stay where a number of townspeople and citizens had the privilege of feasting their eyes on the find. The rock was taken to the city for disposal—and at Sacramento created a great deal of excitement at the Chamber of Commerce where R. L. Kimmel, manager of the mining department took it in charge and had it photographed for the newspapers which ran large copy on the strike.

A second large bunch of ore is said to have been cut into the same day. The mining company is working the old Peabody property which formerly produced a great deal of high grade ore. The Golden Center property is to be opened up thru these workings this coming year thru a leasing arrangement with L. S. Wincapaw, who has a bond on the Center property.

HYDRAULIC BILL COMES UP FOR NEW VOTE

Jerry Seawell will have his hydraulic mining bill up for a second vote in the assembly tomorrow afternoon and the bill stands a fair chance of passage. Jerry is up against a paid lobby working in the interest of the narrow minded, selfish farmer contingent in the valley country, aided and abetted by a few cheap vote seeking politicians who have kept the old flame of antagonism alive these many years. He has been playing a lone hand in the assembly in the matter and has made fine headway in spite of the lobby handicap. He has made many friends by his upright fight in his campaign in behalf of the mining industry and the industry will not forget him when the voting times comes around again. He mustered 35 votes on the first ballot, but eight short of the winning count.

(Note)—In anwer to many inquiries as to why Jerry's name appeared in the lis tof those voting against the hydraulic bill, it is pertinent to state that his vote on roll call was "aye" and he switched it in order o secure a reconsideration by the assembly. This is parliamentary procedure.

RICHARDS CELEBRATE GOLDEN ANNIVERSARY

The W. G. Richards home on East Broad Street was a veritable bower of beautiful flowers, gold shades, predominating, which were sent by loving friends of the esteemed couple on the occasion of their golden wedding anniversary on Tuesday.

From two o'clock in the afternoon until five and from 8 to alate hour in the evening a stream of friends called to congratulate the fortunate couple many bearing floral offerings or suitable gifts in honor of the event. In all over a hundred came bearing their good will so many of them from Grass Valley so dearly are this couple held in the hearts of the people of the two communities. Refreshments

DELUCCHI OPENS MINE FOR THE SPRING RUN

P. Delucchi, owner of the Mirabellemine at Graniteville ,went up to his property Tuesday morning to resume operations. He will run drifts on two ledges a hundred apart and will start up his mill at once on a good tonnage of ore reserves .He has been working his property for the past thirty years and has developed a very promising mine.

TWIN SISTER MINE IS BEING REOPENED

The Twin Sister mine at Snow Point is being reopened after being shut down due to the extreme cold weather of some months ago. There is a plentiful water supply now for running the compressor which will furnish air for the machine drills in advancing the big No. 3 tunnel to its objectve. President Ray O. Foster of Ukiah has been here for several days recruiting a crew and getting operations unde way again. With the prospect of an electric power line into the property during the present year there should be no further delays due to lack of power. The tunnel is now in approximately 760 feet with 300 feet to go to cut under the ore shoot exposed in the upper workings.

CITY OF SIX WORKINGS NOW BEING REOPENED

After having been closed for the winter season, development work at the City of Six property has been resumed this week under the direction of A. F. Hodgkinson of Los Angeles who returned the past few days from the southland to resume operations.

Just prior to closing down last fall a streak of arsenical sulphurets was encountered in the main drift on the 500 level. The drift will be continued at this point and gives every indication of cutting an important orebody. The drift will be run ahead and some crosscutting will be done. There is 600 feet of ore shoot opened up on the 125 level and the 500 level is being run to intercept this shoot at the lower level and provide sufficent backs to warrant the installation of milling facilities. It should be possible to be ready for a mill by fall.

A small crew is being put to work and will be augmented as the work progresses.

KELLERS TAKE OVER DOUGLAS RESTAURANT

Mr. and Mrs. G. W. Keller have taken over the Nevada City Lunch Room from Mr. and Mrs. Harry Douglas, the latter however, will not be leaving Nevada City as they have purchased property on Spring street which they are improving. Mr. and Mrs. Keller are planning a number of improvements and will conduct a fine eating house. Noonday special lunches will be featured while breakfast, dinner and short order will be served.

Thomas E. Stephens of the German Bar property was in town on business Saturday. He reports 20,000 tons of good rock blocked out ready for milling at the mine.

C. E. Landsburg was down from North Bloomfield Saturday on business and was a pleasant caller at The Nugget office.

ANCHO SHIPS OUT FIRST BULLION IN GOOD VALUES

The Ancho Mine, being operated by the Yellow Tiger Consolidated Mining Company, recorded its first production in recent years, when the mill was cleaned up about the middle of April. The cleanup represented approximately a month's run and it is stated by the Yellow Tiger management that the results were considered as satisfactory and go to prove that the relatively low grade ores of the East Belt may be treated at a profit under right conditions .No milling difficulties of consequence have been encountered. The process consists of amalgamation and concentration with the vast bulk of the values being recovered in the stamp battery. It is probable that cyanidation of concentrates will prove advisable.

The Yellow Tiger Company has been operating without power through the winter and its efforts have been confined to cleaning out old workings and placing the mine in condition for production .Since about the tenth of March, however, water power has been available but with few interruptions and great strides in mining, development and milling have been made. The present mill operation is regarded more in the light of a test and all costs of mining and milling are being carefully compiled in orded to estimate profits from the larger operations that are considered necessary to make the mine a profitable enterprise. Results so far are satisfactory and seem to demonstrate that if a ufficient tonnage can be made available to supply a mill of 100 tons daily capacity the mine can operate at a splendid profit. To this latter end considerable development work will be necessary including the lriving of a lower tunnel and during the present water season data is being collected to estimate the costs of this work and to establish the possibilities of large tonnage development.

The promise of the East Belt is a foregone conclusion. With electric power apparently about to be available the activity of the region seems destined to greatly increase. The Ancho and Erie properties are in the heart of this promising section and there seems every reason to believe that an adequate outlay of capital will place them among the heavy producers.

ONCE NORTH BLOOMFIELD RESIDENT VISITS HERE

J. H. Marriott for fourteen years connected with the Malakoff placer workings at North Bloomfield has been visiting here with his nephew, Jos. Marriott and reviewing the scenes of his former days in this section. He was assitant superintendent of the North Bloomfield company and left in December, 1884, after the shutting down of the mines by the Sawyer decree. He was superintendent of the Osceola Gravel Mining Company at Osceola, Nevada, until the gravel and the water ran low. He has turned over an option his claims in the Osceola district in White Pine county to his son, Chester Marriott and Henry Nicholson. Mr. Marriott will spend several months at Roseville with a daughter.

NORTH STAR FORCES ARE BEING REDUCED

The large force at the North Star is being reduced in size to conform to the new development program to be undertaken by the Newmont interests. Several hundred men were affected by the order. The Newmont company is planning comprehensive development of the large workings of the North Star group to determine the best method of working the property on an efficient and economical scale. H. W. Hartman who is to be the Newmont resident engineer is already on the ground and making plans for future operations.

MINING NUMBER IS ON THE PRESS READY END WEEK

The promised mining review number of The Nugget will be off the press in the next few days and ready for distribution in answer to a widespread demand for such an edition. The last copy came in Friday and the forms were closed and made ready for printing. The edition is being issued at great expense by this paper but the splendid cooperation given so far insures that the expenses will be readily met.

The issue is teeming with special articles on various phases of mining in this and Sierra counties. Notable contributions to current mining literature will be found in the 36 page issue. A comprehensive directory of the various mining properties in the county as taken from the tax records, the name and address of the agent and the location of the property together with the nature of the improvements will be found listed at some length. There will be some omissions made in the compiling due to the amount of work necessary and any noted ones should be turned in to this office so that they may appear in future issues.

Each paid subscriber to this paper will receive a copy of the special issue without charge. Copies are selling at 15 cents apiece with a lesser price in large lots. An edition of 5000 copies is being printed and to make sure of securing extras you should place your orders early.

The issue should be in the mail by the latter part of this week.

The edition is to be ready for distribution on Friday according to the present schedule and copies will be available after that date until the edition is exhausted. First come, first served.

WILLIAM MESERVEYS TO FETE GOLDEN WEDDING

On Tuesday, May 7th Mr. and Mrs. W. E. Meservey will celebrate their golden wedding anniversary at their home at Town Talk.

They were married on May 7th, 1879, at the house now occupied by Earl Sutton, and after the ceremony came to their present home where they have since resided.

Mr. Meservey is a native of Maine and came to California in 1875.

Mrs. Meservey is a native of Wisconsin and is the oldest daughter of Mr. and Mrs. Augustus Stenger, the latter now living in Nevada City.

They would be pleased to receive their friends at their home at Town Talk from 2 to 4 p. m. and from 8 to 11 p. m. Please omit presents says Bill.

The following are the children of the couple all of whom are living:

Mary E. Meservey of Nevada City; Loring W. Meservey of Crockett; Florence E. Meservey of San Francisco; Charles A. Meservey of Oakland.

There are also five grandchildren: WilliamL., Merritt Eugene, Grace, all of San Francisco; Shasta, and Madeline, of Oakland.

J. Ed Deal, who is reputed to take shots at people just for pastime, went up to his Rattlesnake property above Goodyears Bar to commence spring operations, last week. The National Merger Mines Company has the property under bond and Mr. Deal is in charge of operations. His Dynamite claim is also to be experted with a view to its being worked this season.

H. B. Nichols, aged resident of the Grass Valley section, passed away at the county hospital last week after an extended illness. He followed mining and dairying for many years.

Charles F. Ayer of Boston who is at Smartville inspecting his large land holdings in the western part of the county, was here on a business trip Saturday, accompanied by J. E. Bach. Mr. Ayer is president of the Interstate Land Holding Company and is the guest of his manager W. G. Allen at the Bonanza ranch.

GASTON DEVELOPMENT PROGRAM IS MAKING GOOD HEADWAY THIS SPRING

Conditions at the Gaston Mine, being operated by the Rescue Eula Mining Company, are reported as most encouraging with the outlook bright for the re-establishment of this famous mine among the leading producers of the county. The past winter is the first season of operation by the Rescue Eula Company and under the management of Mr. O. E. Schiffner tremendous strides have been made. While the difficulties to be overcome have been considerable there has been no delay in the program of development with the result that the mine now is very close to an era of important production.

Lacking electric power, the Rescue Company brought in available water to drive a compressor and succeeded in this way in doing a large amount of development during the winter. However there was considerable hinderance to the winters 'work due to cold weather which caused difficulties with the water supply and while the amount of new work done did not measure up to the hopes of the management, it nevertheless stands up as a very creditable showing. The mill has been placed in commission and is expected to start production shortly. Considerable ore has been mined ready for milling and a large tonnage is available for future needs. While this ore is termed by the management as good low grade ore there seems to be a considerable amount of better grade material at hand and more of this better product is being exposed as mining proceeds.

The Gaston is perhaps the best known of the mines in the eastern edge of the county. Its past production has been large and it came for the most part from a single ore shoot. As the Gaston vein occupies a fissure on the main contact its development laterally promises the opening of additional shoots of ore similar size and richness to the one that has given this mine its splendid past record. In addition there are other veins on the property which are promising fields for exploration. The future of the mine is indeed a promising one and a company with the perseverance and determination of the Rescue Eula and its management is fully entitled to all the benefits that promise to accrue.

Electric power at the Gaston now seems assured and with this the last and most difficult problem will have been overcome and the mine should enter a period of profitable production.

MINING LOCATIONS ARE PLACED COUNTY RECORD

Harry D. Ramsay has located the following claims in the Carlyle Mining District:—

Tuluride, The Spruce, Grizzly No. 4, Falcon No. 3, The Owl, The Homestead, Eagle No. 7, Eagle No 6, and Falcon No. 2.

ALPHA HARDWARE BUYS NEVADA CITY HARDWARE

The negotiations for the purchase of the stock of the Nevada City Hardware Company by the Alpha Hardware and Supply Company were concluded the past few days. The stock will go on sale at the former location the latter part of this week and Manager Fred F. Cassidy who brought the negotiations to a successful conclusion for his ambitious firm, announces in this issue of The Nugget that his firm will put on a sale in which prices will be slashed to cut down the stock.

The two stocks will later be merged at the Alpha location and the Nevada City Hardware headquarters will be given up.

Of interest i sthe announcement that C. R. Murchie will join the staff of the Alpha company. Mr. Murchie is one of Nevada City's best loved citizens and as such has the esteem and respect of a wide circle of friend and business acquaintances.

The Nevada City Hardware Company was one of the pioneer advertisers in The Nugget and had never missed an isue of this paper. The same holds true of the Alpha company.

FRED SEARLS PASSES OVER GREAT DIVIDE

Attorney Fred Searls, Sr. passed away at the University of California Hospital in Sanu Francisco at an early hour Tuesday morning. He had been taken to the bay city Sunday evening in a vain effort to save his life after an illness of ten weeks at his home here. Dr. Kruze of San Francisco, Dr. Henry Searls and Dr. R. F. Werner were in consultation and decided the move to the lower altitude might prove beneficial.

Fred Searls was a member of an old pioneer family, being the son of the late Judge and Mrs. Niles Searls. He was born in this city on October 14, 1854. With his family he moved to New York state when about six years of age, returning to Nevada City with his father and brother, Niles, in 1869.

In 1876 Fred Searls graduated from the University of California and entered the law office of his father and his uncle, Judge Addison C. Niles. He was admitted to the bar November 14, 1879. The Searls law offices have been in the brick building opposite the court house since the early eighties when Judge Searls built it.

Mr. Searls was married to Miss Helen Pond of this city in 1885. The following were the children of the couple, Robert M. and Niles P. and Dr. Henry of San Francisco; Carrol and Fred Searls, Jr., of New York and Miss Helen Searls, who has made her home with her parents.

Mr. Searls was an attorney of considerable note. Mining law was his specialty. During his years of practice many important mining

EDITORIAL

The commercial department of our high school has not received enough praise for the excellent showing it has made this year, under the supervision of Miss Taylor. Proof of the work done by this department was shown by its representatives in the commercial contest held at Marysville, Saturday, April 13. We are very proud to think that our commercial department won honorable mention in this contest, also winning more points than any other school in the county.

Many of the students have won certificates of efficiency in typing while others have received their typing pins, which indicate that they have typed over forty words a minute. Recently, Miss Taylor had the pleasure of awarding a gold pin to one of her typing students, Vera Toccalini, who can type type sixty-five words a minute.

We, of the high school, sincerely hope to have as good a showing in our Commercial department next year as was made this year.

SENIOR FARCE NEWS

Whoopee! Senior Farce practice has moved to the theater! Last Thursday the whole cast moved down and are now considering taking their beds and setting up housekeeping. They are there most of the time anyway. And the effect on the cast! The inquiring reporter tried to speak to the female lead the other day and was properly snubbed. The idea of a mere newspaper reporter attempting fo speak to the leading lady! Honestly, the reporter expects to see the ladies of the cast sporting sables and carrying Pomeranian dogs under their arms! The theater has caught them in its toils.

The official carpenters, Mr. Kjorlie and George Noyes, have donned their overalls. We are relying on them to fix the scenery so that it won't fall down.

The property managers, Miss Leschinsky and Olga Regalia, have the blood-hounds out after properties. The inquiring reporter is beginning to wear a haunted look and jumped at the slightest noise, for at every turn she is confronted by a lete mined girl demanding a canary and a cage. If it happens the reporter has never owned a bird and doesn't even know anyone who has one, but the managers seem positive that she has one up her sleeve. If the property managers keep up such persistent efforts they should certainly have perfect properties.

The stage managers are also starting work. We wish to state that as the outside noise, Miriam Sawyer exhibits the most admirable work the reporter has ever seen. And Ernie Brisebill raises and lowers the curtain with a calm and distinguished dignity indicative of genius.

On the night of the play, the school orchestra under the baton (or is it the cornet?) of Mr. Pedersen will furnish music. The inquiring reporter has heard rumors of entertainment between the acts and is all "het" up. Really, this touch of the unknown is what gets the ladies excited!

The inquiring reporter is saving her pennies to get in on the big night, though she really thinks she should be given a press pass.

See you there!

SPANISH PROGRAM

The Spanish play, "Mi Novio Espanol", (My Spanish Sweetheart) is progressing very nicely under the direction of Miss Whelan, and will be presented May 10, before the student body. MORE IMPROVEMENTS

The civics club wishes to help keep up the shrubs so they have appointed two boys to water the shrubs every day.

Mr. Isensee has sent for sample track letters in order that a letter may be chosen fo three members of the track team. Those making points in the Auburn track meet will receive letters. Those receiving the letters will be Elbridge Skeahan, Addison Janes, and Bob Polglase. Nevada City High has turned out a good track team this year and we hope next year to have a better team.

FRENCH CORRAL ITEMS

FRENCH CORRAL, May 4, (Special to The Nugget)— Beautiful May month! Used to be the month of picnics in this section. When "away to the woods" we'd go. "Where sweet birds sing and daisies grow". Young and old, and everybody assembled in some selected spot where there were big oak trees and a spring not far away. Swings were put up, and a place to make the coffee prepared. A delicious luncheon was spread upon the ground, and all partook of this. (There was no "caste"). Music, songs, and even dancing, was enjoyed. A polished floor was not needed to go through the figures of a quadrille. Those old games "grace hoop", "drop the handkerchief", "Copenhagen" etc., were played and sometimes the pretty ceremony of "crowning the May Queen". A happy day was enjoyed by all. All this was in the olden days.

Well, quiet little Columbia Parlor, No. 70, N. D. G. W. was very much alive last week. Friday afternoon a regular meeting was held and the Parlor adjourned to convene next day when our Grand President, Dr. Louise C. Heilbron, would pay us an official visit.

Saturday afternoon our meeting was again called to order and among our guests, four different Parlors were represented, Manzanita, Laurel, Naomi and San Diego. Dr. Louise C. Heilbron and Past Grand President Allison F. Watt were the grand officers present. After the close of the meeting, all repaired to the home of Miss Millie Clerkin where a delicious banquet was enjoyed. During the banquet the French Corral school orchestra favored the guests with several selections for which they received much complimentary comment. Altogether a most enjoyable time was spent.

Mrs. Mary Mitchell of Grass Valley came Friday evening to be in attendance at the meeting of Columbia Parlor. She spent a few days as the guest of her brother, Thomas Meyers and her friend, Mrs. Kirkwood.

Mrs. M. Brophy visited French Corral Saturday. Mr. and Mrs. Bhophy reside at Lyton, British Columbia, and this is their firt visit to their old home county for over thirty years. Mr. Brophy, better known as Mike Brophy, was rom childhood a resident of Columbia Hill, and held different county offices here. Mrs. Brophy, who before her marriage was Barbara Rapp, was born and raised at the old Rapp Place in Pleasant Valley. It was a joy to their many friends to meet them again, and to see hat time had dealt so kindly with them. While here they were the guests of the O'Conner family of Birchville to whom they are related.

W. E. Moulton made a business trip to Marysville Saturday.

A. Browning assisted by C. H. Jones of Sweetland and Chas. Weinman of Sebastopol, has been doing repair work on the ditches above Columbia Hill.

W. W. Washborn had business in French Corral Saturday.

Rev. Fr. O'Reilly held services in the Catholic church at Birchville Sunday. He was accompanied by H. Marriott.

The many friends of Alex McCambridge of Nevada City were sorry to hear of his illness and wish him a speedy recovery. Mr. McCambridge was for a long time a resident of the Ridge, at Sweetland and French Corral.

Bud Wayman of Pike City was a Sunday caller.

Thomas Wayman and Gordon Wood passed through with a band of cattle.

Mrs. J. McCullough of San Juan was a visitor Saturday and Sunday.

Mr. and Mrs. W. E. Moulton accompanied their daughter, Louise, to North Bloomfield Sunday afternoon.

W. P. Clerkin had business in Nevada City Monday.

H. Browning was a Nevada City visitor Monday.

Mrs. Moulton made a trip to Dr. Werner's office Monday. She has not yet recovered from her serious accident of many weeks ago.

J. W. Culver made a trip to Grass Valley Wednesday to meet his daughter, Mrs. E. Chatty, and children. Mrs. Chatty has come to spend awhile at the home of her parents in French Corral.

Dr A.. J. Powell of Oakland has returned to French Corral after spending the winter month with his family. No place like this for a health resort thinks Dr. Powell. But there is some thing else too, "Andy" loves the home of his boyhood days.

Thos. Hall of Birchville and his daughter, Mrs. Lillian Ward, were Thursday visitors.

Mr. and Mrs. W. E. Moulton had business in Grass Valley Thursday, and Mrs. Ward acompanied them on the trip.

The many friends of Ted Schwartz of Pleasant Valley are happy to know that he is improving from the serious acident which befell him.

A brisk rain Sunday evening and still we are calling for more. The feed is growing fine but it does not take long for pastures to dry out if we have a north wind.

Stockmen are rounding up their cattle and will soon be moving them to the mountains.

The Browning family and Miss Clerkin formed a surprise party to visit Grandma Browning of Nevada City Thursday evening.

Margaret, the little daughter of Mr. and Mrs. A. C. Hammond is recovering from a double mastoid operation in the Childrens Hospital in San Francisco. Her mother is still in the city to be near her.

Mrs. Robert Ingfam and three sons spent two weeks visiting her parents in Berkeley.

consisting of rounds of ice cream with 50 in orange and delicious cakes were served.

At six o'clock a family dinner was served to the following children and grandchildren: Mr. and Mrs. Gluyas J. Richards and two daughters ,Rosemary and Carrol Ruth of Nevada City, Mr. and Mrs. Gilbert W. Richards and two children, Gilbert W. Richards and two children, Gilbert and Betty, of Sacramento, Mr. and Mrs. E. M. Rector and three children, E. W. (Billy), Mary Margaret, and Ruth Griffeth of Nevada City, and Mr. and Mrs. Carl Libbey and two small daughters, Mary and Ruth of Eureka. Mrs. Mary Carter of San Francisco, a sister of Mr. Richards, and Mr. Tom Richards, a brother were also present as were Mr .and Mrs. A. Hartung of Nevada City. The four sons and daughters were arranged on one side of the table with Mrs. Richards and the grandchildren on the other side with Mr. Richards. A gilt basket filled with beautiful yellow tulips adorned the dinner table.

After dinner old fashioned songs were sung all of the children having musical talent, Mrs. Libbey being particularly gifted.

Nevada Lodge of which Mr. Richards is a past exalted ruler, came in a body in the evening and presented Mr. and Mrs. Richards with a half dozen tumblers banded with gold. John Fortier made the presentation speech, after which everyone sang, "For He's a Jolly Good Fellow" led by Mrs. Libbey.

William G. Richards and Mary E. Gluyas were united in marriage April 30, 1879 in Grass Valley by the Rev. W. C. Powell of the Episcopal church. Mrs. Loughridge of San Francisco, who as Ella Maddrill was bridesmaid at the wedding, was unable to be present at the anniversary owing to illness in her family but sent her regrets and felicitations.

She has served as president of Trinity Guild a number of times and has always been a faithful member of the Trinity church as well as the Guild. She is also a member of the Eastern Star. The different orders sent lovely baskets of flowers on the occasion of the anniversary.

Mr. Richards was the son of Mr. and Mrs. W. S. Richards, who were proprietors for many years of the old New York hotel. He was born in Michigan but came to California as a very small boy. He was engaged in the grocery business for many years here. He was a charter member and Past Exalted Ruler of the Nevada City Elks. He was Past Master of Nevada Lodge of Masons of which order he has been a member for 52 years. He is also a member of the Royal Arch and Eastern Star.

When one thinks of a Golden Wedding Anniversary one thinks of an old couple but this couple is an exception seemingly endowed with eternal youth. They are the life of the party where ever they are to the envy of many who are much younger. This is one of the things that has so endeared them to old and young alike. The Nugget joins in hoping to help them celebrate their diamond anniversary.

PHILLIPS Milk of Magnesia

OLD FOLKS SAY DR. CALDWELL WAS RIGHT

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice.

He treated constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indisposition entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, a combination of senna and other mild herbs, with pepsin.

The simpler the remedy for constipation, the safer for the child and for you. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle will last several months, and all can use it. It is pleasant to the taste, gentle in action, and free from narcotics. Elderly people find it ideal. All drug stores have the generous bottles or write "Syrup Pepsin." Dept. BB Monticello, Illinois, for free trial bottle

CAMPTONVILLE PERSONALS

Work started this week on the improvement of the sharp turn on the Bullards Bar road, at the opposite end of the dam. A small crew of men are taking away part of the bank and making the road safe, avoiding any future accident which might occur because of its bad condition.

Word was received here a few days ago of the marriage at Sacramento of Mr. Samuel Oakes to Miss Rose Zerga, both formerly of this place. The youthful couple were raised neighbors at Oak Valley, going to Sacramento lately for employment. There's peace in the household guarded by Castoria. Peaceful sleep for Baby. Uninterrupted rest for Mother. For a few drops of pure Castoria will quiet any fretful infant. Or put the little one back to sleep when there's an upset during the night.

Parents, don't try to do without good old Castoria! It isn't fair to the baby and it makes things hard for you. You can't give Baby medicine meant for grown-ups—or shouldn't! Castoria is the solution. It is always safe. It always does the work. And although it acts as swiftly as an opiate or a narcotic, it contains neither. *Castoria is purely vegetable.* Give it whenever there's constipation, colic, diarrhea.

No less than five million modern mothers have come to depend on Castoria, for twenty-five million bottles were bought last year! Get yours today; don't wait for some night when it's needed, and the drugstore is closed!

SOME EXCUSE FOR A NAME LIKE THIS BUT NOT FOR YOU

After you read the following dispatch which appeared in all the paprs which carry United Press reports, you realize that there are many people who think thy are more clever than the thief, and that the home is more safe than a bank. Here is the story:

BOSTON, April 23—(United Press) All his life, Joseph Wawrzynczsk had been suspicious of banks, so kept $2800 in savings in a flachlight, utilizing the space in which the battery usually is placed. The flashlight and money have disappeared. The loser, an old man bent with years of labor, told police that he slept with his trousers on and kept the flashlight in apocket as a precaution against theft. But he awoke a few mornings ago to find his savings gone.

This man with the unrponouncable name might have saved all his money and had interst at four per cent in addition if he had only known that a bank is the safest place to keep money.

The "Last Spike" will never be driven

—Southern Pacific still building with the West

Thru the mighty Cascades

The 60th anniversary of the driving of the Golden Spike, May 10, Southern Pacific's Golden Jubilee, finds this western railroad still building. Weaponed with crude tools, courage and vision, the early pioneer had hand-carved a way to the new West. With the vision of the pioneer, the West has carried on, and with it, step by step, Southern Pacific has builded.

In the last five years Southern Pacific has built more new line than any other railroad in the United States.

In fifteen years Southern Pacific has built 1481 miles of new line at a cost of 88 million dollars. Of this, 40 million dollars has been spent in Northern California and Oregon.

Through the barrier of the mighty Cascades it has created a new north and south railway. It has double-tracked its OVERLAND ROUTE line over the Sierra. A new main line has been built through Arizona. From Wendel, California, to Lakeview, Oregon, has been broad-gauged.

Now Southern Pacific is completing a short line transcontinental railway through Southern Oregon and Northern California. The Cascade line of the SHASTA ROUTE and the OVERLAND ROUTE will be connected.

From less than 700 miles in 1869 to 16,520 miles today is but one way of recording Southern Pacific's 60 years of work.

Behind this cold fact of miles built is the epic story of the development of the West. A story of progress indelibly written in the traditions of the West.

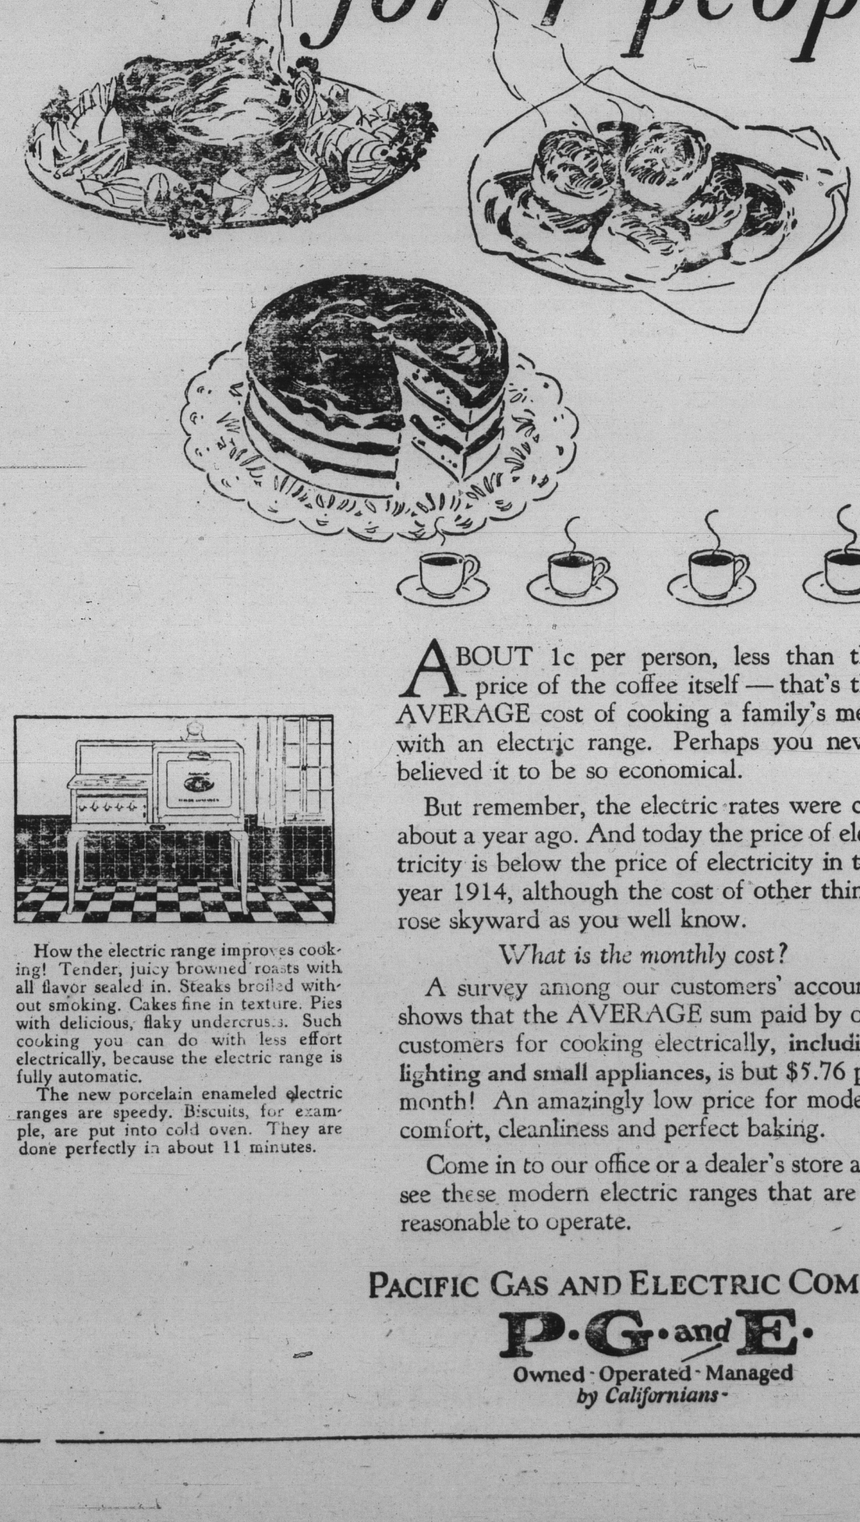
4¢ worth of electricity cooks the dinner *for 4 people*



How the electric range improves cooking! Tender, juicy browned roasts with all flavor sealed in. Steaks broiled without smoking. Cakes fine in texture. Pies with delicious, flaky undercrusts. Such cooking you can do with less effort electrically, because the electric range is fully automatic.

The new porcelain enameled electric ranges are speedy. Biscuits, for example, are put into cold oven. They are done perfectly in about 11 minutes.

ABOUT 1c per person, less than the price of the coffee itself — that's the AVERAGE cost of cooking a family's meal with an electric range. Perhaps you never believed it to be so economical.

But remember, the electric rates were cut about a year ago. And today the price of electricity is below the price of electricity in the year 1914, although the cost of other things rose skyward as you well know.

What is the monthly cost?

A survey among our customers' accounts shows that the AVERAGE sum paid by our customers for cooking electrically, **including lighting and small appliances,** is but $5.76 per month! An amazingly low price for modern comfort, cleanliness and perfect baking.

Come in to our office or a dealer's store and see these modern electric ranges that are so reasonable to operate.
